Please find below and/or attached an Office communication concerning this application or proceeding.

DETAILED ACTION

1. The reply filed on March 3, 2004, is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

a. Applicant's amendments to the claims are not in accordance with 37 CFR §1.121(c)(2), which states (in relevant part):

...The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. **The text of any deleted subject matter must be shown by being placed within double brackets if strikethrough cannot be easily perceived.** [emphasis added]

Specifically, Applicant's amendment to claim 1, removing the single letter 's' from "updates" in line 12, and Applicant's amendment to claim 10, removing the single comma (','), from the end of line 3, cannot be easily perceived.

b. Applicant has failed to address the objection to the drawings under 37 CFR §1.84(p)(3) (see enumerated item 4 of the previous Office action).

c. Applicant's amendments to the specification do not fully address the objection based on improper usage of trademarks. As stated previously, trademarks should be "accompanied by the generic terminology". Appropriate accompanying generic terminology for the JAVA trademark would be, for example, "programming language", as in, "the JAVA programming language". To expedite correction on this matter the Examiner suggests that Applicant thoroughly consider the

2. Since the above-mentioned reply appears to be *bona fide*, Applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.
- EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
